30. Letter No.1418, dated the 25th December 1923, from the Residency Surgeon forwarding for consideration copy of an application dated the 21st December 1923, from Miss. M. E. McMurray, for a motor car allowance.

Recommended that a motor car allowance of Rs. 50/- per mensem be paid in the event of Miss McMurray's entertainment.

The President said that the Commission would remember that in May last, they agreed to contribute a fourth of the salary of the Lady Doctor to be appointed for the Gosha Hospital in the event of her being put in charge of the Welfare Scheme. Miss. McMurray had been nominated to this post, and had sent an application to the Residency Surgeon asking him to move the Commission to grant her a motor car allowance. The Standing Committee had recommended that a motor car allowance of Rs. 50/- per mensem be paid in the event of Miss. McMurray's entertainment.

Mr. Rajagopal Moodr in opposing the recommendation of the Standing Committee observed that there was no necessity at preser to pass a resolution to that effect. They could take up the matter when Miss McMurray was actually appointed to take charge of the Welfare Work. The Commission ought not to commit itself to anything in this matter. The Child Welfare Work was gradual assuming gigantic dimensions and he feared would in another few years become another Water Supply problem. He proposed the following amendment:-

"That the question of giving a motor car allowance to Miss M. E. McMurray may be taken up when the question of her appointment will be finally settled by the Municipal Commission".

Mr. Abdul Latheef seconded the amendment.

Mr. Jeremiah in supporting the amendment said that the Commission by accepting the Standing Committee's recommendation were acting prematurely. It must first be settled whether Miss McMurray was to be appointed to take charge of the Welfare work before they thought of granting her a motor car allowance. It was no use filling Miss McMurray with false hopes.

The President said that the recommendation of the Standing Committee was only provisional and he saw no harm in accepting it. It would be necessary for Miss McMurray to keep a conveyar to enable her to visit all the welfare centres to supervise the: work, if she was appointed to take charge of the work.

Mr. Johnson opposed the amendment and said that he saw no harm in passing the proposal of the Standing Committee which only provided for an eventuality.

Mr. Skipp enquired as to how the lady was to decide whether to accept the work or not unless the Commission decided to grant the motor car allowance or not.

The President put the amendment to the meeting and it was lost by 6 votes to 7.

Finally the recommendation of the Standing Committee was put to the meeting and carried by 7 votes to 6.

Resolved that the recommendation of the Standing Committee, that a motor car allowance of Rs. 50/- per mensem be paid to Miss McMurray in the event of her entertainment, be approved.

SUBJECT:- Bedsteads for the Gosha Hospital, Civil & Military Station, Bangalore.

M E M O R A N D U M.

Reference:- Your No. 7414/247-1919, dated September 16th. 1

I note with satisfaction that Whitfield's bedsteads, as ordered, will be supplied for the Gosha Hospital. These bedsteads are of a very high class and repay the higher initial cost by their durability. In this connection I would mention that bedsteads supplied by Messrs Whitfields to the Civil Hospitals here in 1903, have been in constant use ever since, and that not one of the mattresses has given way or required repair during the time they have been in use. This is in strong contrast to the cheap bedsteads which were originally supplied, all of which were unserviceable after a year or two of service.

As regards the point raised in para 2 of Messrs John Joseph Taunton's letter of July 9th. 1924, regarding the beds ordered for the Gosha Hospital here, I would point out that these beds are required for Indian women only, and that

do not

o not require beds longer than 6 feet.

If such information is in time, it would be advisable to inform Messrs Whitfields, through the India Office, that the bedsteads for the Gosha Hospital should be fitted with "H" feet. This information was omitted from the order forwarded to the India Office in April 1914.

Sir,

With reference to your letter No.8362 2?9-1919 dated 23rd.October 1924 I have the honour to append below the items 5 to 24 in the list and state that it is proposed to equip the hospital completely. We are committed to the scheme now, and the new hospital would be useless, and certainly not likely to attract Gosha ladies unless properly and efficiently equipped.

The Municipal Executive Engineer Civil and Military Station, Bangalore, has informed me in his letter No. R/1622, dated 4th. November 1924 and the construction of the Gosha Hospital would be completed by 15th. January 19

The items 5 to 24 are as follows:-

5. Aseptic Operation Table for Gynaecological operations, white enamelled.
6. Douching Tray for above.
7. Leg rests.
8. Shoulder rests(for above)
9. Steam steriliser for dressings etc. fitted for petrole burners(Size 2).

Sir

I have the honour to refer to your Memorandum N. 1658-A, dated the 23rd September 1924 on the above subject. The Residency Surgeon states that all the articles mentioned in the list are absolutely necessary for an institution to be newly opened. I therefore request that arrangements may kindly be made for their supply. It is expected that the construction of the hospital will be completed by the 15th January 1925. There is provision in the current year's budget of the Bangalore Assigned Tract under "32 A. Medical Hospitals and Dispensaries — Contingencies" for meeting the extra

Copy of letter dated 30th. March 1925, from Lr.R.A. Stott, Tumkur, to the Residency Surgeon, Bangalore.

---:0:---

In compliance with your esteemed order for furniture for the New Gosha Hospital of the 11th. July 1924, as per Estimate submitted dated 12th.May 1924, to the value of Rs5074/-. I quoted in some cases for different sizes, but entered in the cash column the price of the smallest size, and so there is a slight difference between the amount sanctioned, and the bill sent in to the extent of Rs101-0-0.

This amount is still due for the furniture and I herewith submit a fresh bill shewing where the difference is in the articles supplied and not paid for.

When I measured the stools in the Lady Curzon Hospital I found them to be 18" x 15" x 18" and so there is the difference between the ones quoted for 18" x 12" x 18" of -/8/- each extra making a total of 17/-. and as per your letter 607 of the 18th.July 1924, you asked for Cuddapah slabs to be supplied to 3 tables making an extra of 51/- and when I measured the Diet Boards I found them to be larger than I quoted for and brass work also more elaborate hence the extra of 12/- on this item. And as per the above letter one extra soiled linen box was ordered at a cost of Rs21/- thus making a full total of Rs101/- extra over the sanctioned amount by the Hon'ble the Resident in Mysore as per your letter of the 11th. July No.561.

I think you will find this in order, and as explained to me by your writer I had to send in a fresh bill for the extras to get the amount sanctioned, as it exceeded the amount already sanctioned and which would not be met by the Treasury, hence my sending in another bill according to instructions received.

Trusting this will be in order and soon sanctioned.

Yours faithfully,

Sd/- R.A. Stott.

Dear Evans-Gordon,

I have just had a visit from the Son of Major Sir J. Salt and he has suggested to Major Wheeler & Shew the tablets, on which a start had already been made. Major Sir J. Salt was very Keen that, in addition to the names of Sir Barton, Col Standage & Major Murphy, the names of the Semla Sir Cars, Major Wheeler & Myself should also be added to one tablet. He suggested that the dates should be affixed to the names already designed to be entered on the tablet, indicating the period during which these three Gentlemen officiated in their respective posts. While after the names of the three others now suggested to be added, the dates of their taking over their respective posts should be shewn. This idea was

an entirely original one on the part of the Judge, and the matter has been held up until we can have an opinion of the Ks on the matter.

With reference to the enclosure to L.U.C., it may be said that it was part of the scheme that the Lady Doctor in charge of the Gosha Hospital should supervise the Municipal Women and Children Welfare work, and the budget estimates for the hospital, which have been approved (Sl.53), were framed on the assumption that the Municipality were prepared to contribute one-fourth of the salary of the Lady Doctor -vide sl.52(a).

It appears, however, that the Municipality are not committed to engaging the Lady Doctor in charge of the Gosha Hospital (Sl.50) and no definite statement as to this was made to the Govt. of India (para 4 of Sl.52).

The provision of a motor allowance is, therefore, conditional and Miss McMurray's entertainment for the welfare work, although, it seems, that, by passing the resolution, the Municipality are practically agreed on the original scheme for placing the Lady Doctor of the Gosha Hospital in charge of the Women and Children Welfare work.

The Resolution may, if approved, be confirmed,

GOSHA HOSPITAL.

Dear Cole,

Please refer to Plowden's d.o. No.11212, dated the 17th December 1920, with which he sent Tasker a copy of the Resident's note, dated the 3rd December 1920. In this note Mr. Barton - suggested that the plans should be prepared by the Assistant - Commanding Royal Engineer, but the work carried out by the Municipal Engineer so as to avoid the payment of establishment charges. Subsequently in his d.o. No.2594 dated the 18th January 1921, Col: Carey Evans wrote to Tasker that the Resident proposed that the plans and estimates should be prepared by the Municipal Engineer to avoid the payment of estimate charges if prepared by the - Assistant Commanding Royal Engineer. Murphy was accordingly consulted and agreed to take up the designing of the Hospital, if the President, Municipal Commission, had no objection. Tasker raise no objection to Murphy doing this in his spare time. In a note written about this time Tasker expressed the view that a lump sum remuneration should be given Murphy for the work as there was no reason why difficult and responsible work should be done for nothing. This cannot be considered a breach of the rule that the Executive Engineer shall not take private practice: the work is

is public work, the remuneration may be fixed by the R
the suggestion that Murphy should undertake the work cam
entirely from the Resident. The work is in the interests o
Station. Military Works' rates and estimate charges are high
than ours and so a considerable sum of money is being saved b
this procedure. The work of construction is now being perfectly
well supervised, under the Executive Engineer, by an establishme
consisting of one Overseer on Rs.40/- per mensem.

I entirely agree with Masker and recommend that, if Mr. Barton has no objection, Murphy be granted by him a bonus of 5% on the cost of construction (excluding price of land). I am informed that the usual charges for designing, estimating and supervising the construction of a building is from 5 to 6% of th cost.

Up to date Rs.30,000/- (excluding price of land) has been spent on the work. Murphy may be given 5% on this as part payment now and the balance when the building has been completed I may add that both Haji Sir Ismail Sait & Col: Standage are very pleased with the design and with the progress of the work.

If Barton saw it yesterday.

Yours sincerely

There is perhaps no objection to publish the advertisement for the staff of the Cooha Hospital as proposed.

Miss. Mc Murray has been promised the post of Lady Doctor and is apparently willing to take up the appt. Vide paras 170 & 172 of office notes.

May the Resdt Surgeon be informed that there is no objection to the proposal to publish the advertisement?

(179) The Residency Surgeon may perhaps find out when Haji Sir Ismail Sait is likely to return: In October the Resident will be in Coorg: the date of return to Bangalore has not yet been settled. In any case the opening of the Cooha Hospital may be fixed to the beginning of December if suitable to Haji Sir Ismail Sait and the Resident. The establishment can in that case be entertained from about 1st Dec. the Residency Surgeon may be informed accordingly?
